1. The entire 1932 age group was to be called up by April 1952. A considerable proportion of this group was drafted in November 1951.
2. Former soldiers (reservists) were drafted in February 1952 to be trained on Soviet arms and equipment. Trainees from the course will be assigned to various branches of the Army. The training courses will last eight weeks, and will be conducted throughout 1952.
3. In the former cavalry barracks at Jászberény (J11) Soviet tank recruits are under training. These recruits were drafted during November 1951. No further details are available.
4. In Mátrafüred (J24) there is a summer resort for the AVH. There is a small landing ground $1\frac{1}{2}$ km. SE of the village.
5. At the Tököl (H40) airfield there is a Soviet jet fighter unit having "at least" 20 MIG 15s. During January 1952, part of the Soviet troops were replaced by new ones, who are ill-treating the local Hungarians and are molesting the women.
6. About 1 km. west of Mályi village (J96) there is a Soviet camp and ammunition depot.
7. At Győr (Y44) main passenger railway station there is a Hungarian Military Railway Kommandantur (called: Vasutállomás Katonai Kommandáns).*

*  Comment: The word "Komendáns" is unusual in Hungary. It was previously called "Parancsnokság". This new terminology probably indicates a "Russification" of Hungarian military technical terms.
